

Competency-Based Learning Series

Agenda for Seminar IV: June 27 & 28, 2017

Series Outcomes:

1. Team members will be ready to **lead the implementation** of competency-based learning.
2. The district teams will be prepared to **design and plan** professional development regarding competency-based learning within the 2016/17 school year.
3. We will broaden the **network of support** across the state of Colorado to enact a vision and implement a system of learning that supports personalization through competency-based learning and multiple and flexible pathways.

Seminar Outcomes:

1. Identify the instructional strategies and supporting research that is best represented in a competency-based learning system
2. Understand the unit design rationale and essential components
3. Use several tools and resources to support the planning and reflection process
4. Explore the importance of community engagement in school change
